Welcome to our Summer/Christmas newsletter. Wow, it's that time of the year again, warm weather, good food (and wine) and hopefully time to relax with friends and family. We have been very busy over the last couple of months, keeping up with the latest trends and products within our industry and a little group bonding ie. a night out with partners at Pedro's Restaurant – great fun, though none of us were able to finish our meal. We also went to a 2 hour power yoga class... it was great fun and we felt very invigorated afterwards... however the next day we were all struggling to move, walk and talk. Great fun!

Recently we all attended a seminar on new products to hit the market. In keeping with summer, the importance of sunscreen in products was a key feature, as well as the repair of skin and how important that is to maintain fresh, healthy and vibrant skin.

I cannot stress the importance of a quality sunscreen. With New Zealand skin cancer rates among the highest in the world, it is vitally important to use a proven sunscreen developed for our environment. European and American sunscreens just don't cut it when it comes to our super-strength sun. When purchasing a sunscreen here are some points to look out for: 1. it has to be at least SPF30 and 2. it has to read either for UVA and UVB or Broadpectrum. We have a brilliant 3-in-1 sunscreen, which has passed the stringent Australian sun care registration. It is a sunscreen, moisturiser and antioxidant all in one application. For more information on this product, please read page 3.

I hope you all enjoy this latest newsletter and that you find some great ideas for Christmas gifts. Thank you all so much for choosing Romatherapy. We absolutely love what we do and really enjoy seeing our clients. We all hope that you have a fantastic Christmas, a wonderful summer and wish you all the very best for 2007.

## new products

Gatineau's anti-aging  
repair balm **Brand new product**

An all-encompassing moisturiser. Ideal for those of us on holiday who only want to pack minimal items. Fantastic for sensitive skin as an all-round moisturiser. Great for all ages and skin types. This amazing moisturising cream leaves your skin feeling silky smooth, moisturised and repaired.

Gatineau skin renewing  
peeling kit **DIY peel kit**

This is the first high-tolerance peeling kit: it is intended for all skin types and individuals, starting at age 30, who wish to renew skin on their face and neck and restore the appearance of youth and radiance with visible results from the very first application and throughout the entire treatment.

- The skin on the face and neck looks like new, regaining the appearance of radiance and youthfulness.
- Skin feels immediately soft and supple, looking ultra-luminous.
- The skin is smoothed and the complexion is perfectly even... results are spectacular!

Eye contour lift 3D

**Everybody needs a brilliant eye cream that works – we have it!**

Remembering that the skin around the eye area is 3–4 times thinner than the skin on the rest of your face, it is only natural that we all age a little quicker around this area.

Like I said 'We have it', the best eye cream you could hope for. Your eye contour is smoothed, your eyes look visibly younger.

- 3 dimensional effect
- Immediate and long lasting lift effect
- Wrinkle-smoothing effect
- Action against under-eye puffiness and dark circles
- A must-have!

# staff chat

All therapists at Romatherapy are trained to the highest standards all having completed internationally recognised qualifications in beauty therapy. We would like to welcome Katie to our team (not to be confused with Kate). Katie is an internationally trained and qualified beauty therapist, who comes from Ashburton. Katie is already proving to be invaluable to the clinic. Katie, it's great to have you at Romatherapy!

What a year so far, thank you to everyone for your support while I have been back from Melbourne. I'm heading down to Wanaka for Christmas and the New Year with Douglas and my family.

Make sure to wear a hat and SPF 30+, it is going to be a hot summer, but enjoy... xx Kate

Hi again, it's Kerry here. I would like firstly to thank everyone including Kate, Katie, Gina and Penny for welcoming me to Romatherapy this year, I am thoroughly enjoying my time here, so here's to many more years.

I am hoping that everyone is as excited as I am about all the wonderful new products now available to Romatherapy. Gatineau's ever-improving technology has brought us one of the very first at home peel kits, Melatogenine's product line has also introduced an anti-aging creamy foamy cleanser, the list goes on...

The Defi facial has taken off in a big way since its introduction earlier in the year, incorporating it's own cutting edge skin care system, including the amazing eye serum, with a botox-like ingredient (botufix) for firming and tightening that troublesome area (great stocking filler).

Anyway, hoping to see you all at Romatherapy these holidays, take care, and have a safe and relaxing Christmas.

Hi, for those of you whom I haven't already met, my name is Katie and I am the newest member of the team at Romatherapy. I am from Ashburton. I love working here at Romatherapy and have been really enjoying getting to know our clients and am excited about meeting more of you. My favourite treatments are facials, manicures and tinting.

Christmas is fast approaching can you believe. I will be working between Christmas and New Year so for those of you not jet-setting off, do pop in and see me!! On the topic of Christmas we have been getting some new products in the salon in preparation. I would particularly like to point out a promotion we have going called **lips and tips** which would make a perfect small gift or stocking stuffer. Each **lips and tips** set comes with a gorgeous lip gloss and matching nail polish. There are three fantastic and funky colour sets to choose from. Feel free to come into the salon anytime to check them out and get a head start on your Christmas shopping!!!

Look forward to seeing you soon!

Nearly Christmas!  
My goodness!!!

A big thank you to all of my clients for all your support and custom this year. I know it has been hectic for a lot of you, and me – buying a house in May, holiday to Brisbane in June and a 9 week old Bichon-Chihuahua puppy

'Bella' in September!! What a year. Bella will be holidaying with Andrew and I in Picton over Christmas/New Year with my family. Yay Sun and Surf!

Make sure you all block up with SPF this summer, it's going to be great! For those who may not know... Gatineau has launched a delicious new repair cream also great for sensitive, dry skin!! A total must for summer. Enjoy yourselves and thank you again! Gina

Wow, summer/Christmas is upon us yet again! I've had another wonderful year... I feel that three of the main reasons Romatherapy continues to grow and be so successful is firstly the type of client we are attracting – you guys are just superb Cantabrians, secondly the amazing group of girls that work at Romatherapy

(I believe they are among the best in Australasia) and thirdly the product that we choose to use (it is the best in the WORLD!). These three categories make for a successful, fun and exciting environment.

I know next year is going to be exciting for Romatherapy and I'm very much looking forward to all the new treatments and products due to arrive in our clinic next year. In the meantime I'm going to enjoy summer, watch my two beautiful children enjoying the outdoors and our new dog (Guinness), and get ready for a holiday (2 weeks) in the Bay of Islands with my husband's family. Take care everyone.

P.S. If anybody has any questions/queries please don't hesitate to contact me in the clinic on Tuesday mornings.

*Please feel free to pass this newsletter on to friends and family. Mention that you read our newsletter and we will give you a complimentary eyebrow tidy on our specialised facials.*
